Updated the weekly to reflect the Partial stay for RH FIP signature on Monday.

Subject: Janet would like to run through the weekly tomorrow during scheduling

Hey lady, Janet would actually like to run through the weekly tomorrow during scheduling. I've attached the updated weekly as though all the rules that are set for signature have been signed. I know it's doubtful but you can just copy and paste back up in OP if that's best.

We expect the RLSO for SNAP on Monday as well as the advance copy of the petroleum refineries. I've added the updated ADP tracker in case you need other dates/notes.

Thank you thank you! Coffee/tea/drink on me next week ☺
